

The **Cullen Foundation** is pleased to announce the members of our new charter school cohorts. As part of our new strategic plan for funding the local charter sector, we are sponsoring four cohorts of charter schools to address issues of particular concern over the next three years.

Each group is working with a facilitator collaboratively hired with Cullen, and **SchoolWorks** is tracking and evaluating progress for the set of cohorts.

At the end of three years, we hope to see meaningful increases in K-3 literacy achievement, teacher diversity and retention, and college credits earned by students at participating schools.
