

**Performing Arts Grantees  
Share Summer Programming  
Highlights**

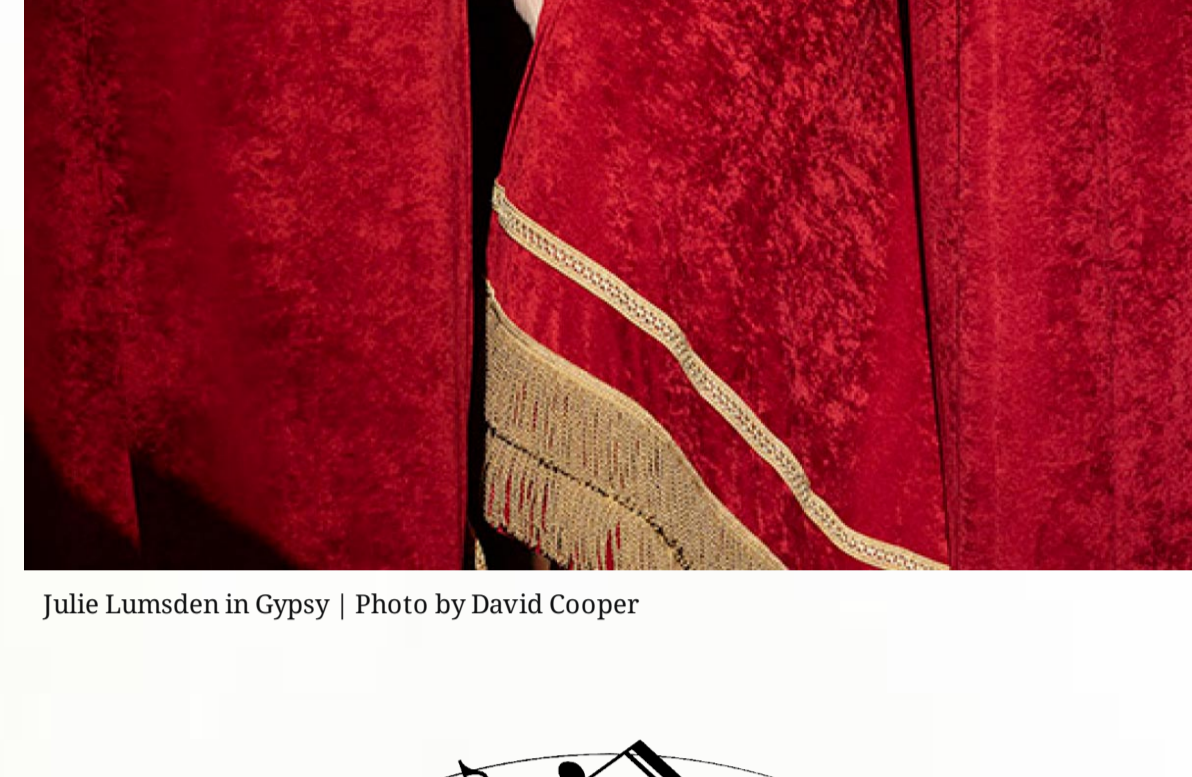

Western New York Summers can be described as "perfect" and "worth the wait". They're packed with outdoor concerts, festivals, and more activities than we can consume. Our performing arts grantees host many of the best and most anticipated events of this spectacular season, some of which are highlighted below. Take some time to browse their websites to learn about others.

Meanwhile, remove the snowbrush and winter emergency kit from the trunk of your car and replace them with the lawn chairs, sunscreen and coolers ... Summer is finally here!
