

GUIDE TO FUNDING OPPORTUNITIES FOR SUPPLEMENTAL ACADEMIC PROGRAMS

APPENDIX

Use this document as a resource when completing your SAP LOI and Application to the Cullen Foundation for SAP funding. The requirements described below are also referenced in our [Investment Stage](#) document.

CORE ACADEMIC LEARNING OPPORTUNITES FOR SAP PROGRAM GRANTS

We are seeking to partner with SAP programs that help students recapture learning loss and/or accelerate learning opportunities in the following academic core academic areas. Program should provide hands-on educational programming in at least one of these core academic subject areas. Programs will be asked to describe how the SPA program's academic activities and curriculum will help recapture learning loss and accelerate learning.

Math

Reading/Literacy

Science

LEARNING & ENRICHMENT OPPORTUNITIES FOR SAP PROGRAM GRANTS

Applicants will be asked to describe how various "learning and enrichment opportunities" within their program model benefits enrolled students. SAP programs serve their students in a variety of ways. Cullen Foundation is seeking program models that engage students in two or more of the "learning and enrichment opportunities" from the list below.

♦ **Academic Enrichments**

♦ **Career & College Exploration**

♦ **College Prep**

♦ **Homework Help**

♦ **Language Acquisition**

♦ **Mentoring**

♦ **School Readiness**

♦ **Social-Emotional Learning**

♦ **STEM** (*Science, Technology, Engineering, Mathematics*)

♦ **Tutoring**

♦ **Youth Leadership**

♦ **21st Century Skills**
